## Chapter 1 by Gororachles

When I was 2, my parents divorced. They had been fighting for months on end, when they finally made their decision. My mom decided it would not work, and my dad agreed. My grandparents had divorced when my mom was 9. It really seemed like nobody married happily. My homeroom teacher, in fact, quit because she was too depressed from her recent divorce. But I am not like my parents. I saw her, and I loved her the minute I set eyes on her. But I kept it cool. My parents married after 4 dates. My grandparents married after 10. I'm not sure about my teacher, but the message got through to me. We dated for 7 years before I proposed. And when I did, she said yes. We've been married for 10 years now. My parents say I'm lucky. I say I'm different.
